BEHIND THE LOGO

*A 'Paragon' is a perfected diamond, a product of hard work and artisanal excellence;
from a raw stone to a highly-valued piece of jewelry.*

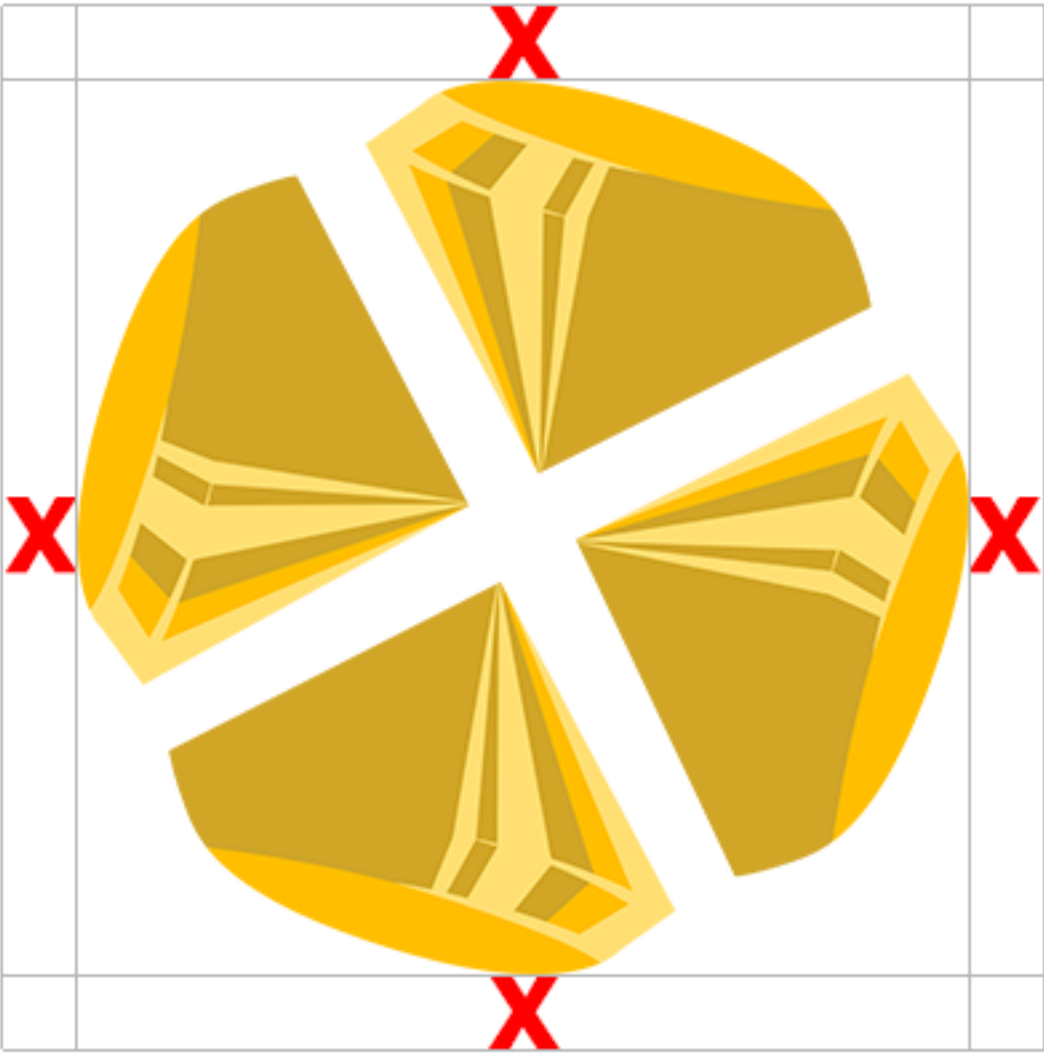

*They say 'Diamonds are forever', but a diamond can truly last forever only
if handled properly; hence the purpose of Paragon Life and Wealth Coaches.*

*With proper care and knowledge for all your hard work (symbolized by the diamond),
you can surely secure your future; and handling multiples of it might be a possibility.*
